Carole Mortimer : Taken by the Earl (Regency Unlaced 3) before purchasing it in order to gage whether or not it would be worth my time, and all praised Taken by the Earl (Regency Unlaced 3):

7 of 7 people found the following review helpful. Sexy BookBy CallieFelicity Randall attends a wedding and over hears two people talking about killing. The man tells the woman that Sinclair Montgomery (Sin) will be killed at an upcoming house party.he iIs tthe Earl of Winter ourne.Felicity a widow goes to the risqueacute; party to warn Sin who she has never met. She goes to his bedroom to wait for him. He thinks she is there for sex. He finally believes her story and keeps her with him. Will they find out in time who is planning his murder ? This book. Is for mature readers very erotic. I could have done without the spanking bit but it was only one time. I know others love it but people who have been abused or seen it in others see no pleasure in it.4 of 4 people found the following review helpful. I Loved This Historical Romp of a NovellaBy Sheila MFINAL DECISION: This short novella was fun, sexy with a tight story and a romance that I really enjoyed. This was my favorite of the series so far.THE STORY: Mrs. Felicity "Fliss" Randall is a respectable widow. When she overhears a plot to murder the new Earl of Winterbourne, she is determined to warn the Earl. She ends up having to get an invitation to a notorious house party where she approaches the Earl in his bedroom. When Sinclair Montgomery finds Fliss in his bedroom, he believes the woman he finds in his room is there for pleasure and begins to make love to her. When Fliss insists he listen to her, Sin doesn't know whether to believe Fliss, but she sure wants her.OPINION: This was an enjoyable romp with a very sexy premise. Fliss has been restrained and respectable all her life. She has always done what she should until she decides that she must warn the Earl of Winterbourne of the murder plot against him. That decision leads Fliss to do things that she never dreamed of doing. She discovers a recklessness and a sensuality that she never imagined during her perfectly respectable marriage. What's not to love about a Scottish hero named Sin who is determined to show the heroine her own sexual power and pleasure. The connection between the two is wonderful and the plot serves to move the romance forward without taking away the focus from the relationship between Fliss and Sin.WORTH MENTIONING: Oh, there is a gentleman in this book who so deserves a happy ending of his own some day.CONNECTED BOOKS: TAKEN BY THE EARL is book 3 of the Regency Unlaced series. This novella can be read as a standalone.STAR RATING: I give this novella 4.5 stars.0 of 0 people found the following review helpful. TAKEN BY THE EARL - Fliss and Sin's StoryBy Angie MikeWhile attending a ball, the widowed Mrs. Felicity "Fliss" Randall is shocked to overhear a couple plotting the murder of the Earl of Winterbourne. Having never met the new earl, the respectable Fliss makes plans to attend a scandalous house party where the assassination is supposed to take place... Sinclair "Sin" Montgomery is a Scottish Highlander, even if he has inherited an English title. When he takes a break from his many responsibilities to attend a debauched house party, he's surprised to find a beautiful woman in his bedroom waiting for him. He's even more surprised to learn she thinks there's an assassin planning to murder him...TAKEN BY THE EARL is the third novella

in Mortimer's "Regency Unlaced" series but can easily be read as a standalone too. Like its two predecessors, it's an erotic historical romance with explicit language and graphic sex. I was so excited to read this one because the plot instantly caught my attention. However, I was somewhat disappointed since I figured out right away who the culprit behind the attempt was, and even their motive. That ruined some of the suspense for me, but at least I was never sure who the "assassin" was exactly. I absolutely adored Fliss though, who's courage and strength of will never let her give up on Sin, even when he thought she may have been crazy. I liked Sin well enough, although I honestly never did fall in love with him. These two had a tension-laced relationship both in and out of the bedroom and fought as passionately as they loved. The sex scenes were spicy and sensual but not over the top in my opinion. In the end I really enjoyed it and only wish the person behind everything hadn't been so completely obvious. I'm still glad to have read it though and am looking forward to the other books in this series.

Taken by the Earl is the 3rd book in USA Today bestselling author, Carole Mortimer's, highly acclaimed Regency Unlaced Series. Note: The stories in the Regency Unlaced series are steaming hot and the language sometimes explicit. Carole Mortimer has written over 200 books, in contemporary and Regency romance, and is the Recipient of the prestigious 2015 Romance Writers of America's Lifetime Achievement Award. She is an Entertainment Weekly Top 10 Romance Author; ever. 2014 Romantic Times Pioneer of Romance author. Was recognized by Queen Elizabeth II in 2012, for her "outstanding service to literature". Taken by the Earl After attending the wedding of one of her closest friends, and celebrating the betrothal of another, Mrs. Felicity Randall is looking forward to spending a peaceful summer at her house in the country. Several months when she may do and say as she wishes, without having to constantly be aware of her place in London Society as the respectable young widow of Major Stephen Randall. But before Fliss can manage her escape to the country, she overhears a conversation in which two people discuss the murder of the new Earl of Winterbourne. Unable to see or identify either the man or the woman from her hiding place, but aware of where the murder is to take place, Fliss finds her plans for the summer changed completely, and requiring she procure an invitation to the infamous house party hosted every summer by the notorious Lady Eckles. A house party at which no respectable widow would normally dare to show her face. Sinclair Montgomery has no time or patience for London society, as it had no tolerance for his mother so many years ago when she eloped with her Scottish Highlander, Sin's own father. But when Sin unexpectedly inherits the title of the Earl of Winterbourne, he has no choice but to go to England to view his new estates. It was certainly not his intention, once there, to find himself the guest at a summer house party. Although the rumors of debauchery and licentious behavior to be had there were certainly enough to pique his interest. Finding the beautiful Mrs. Felicity Randall waiting for him in his bedchamber the second night of his stay, leads Sin to believe that perhaps all is not lost after all, and he proceeds to make love to the delicate beauty. Until she informs him the only reason she came to his bedchamber, has attended this house party at all, is to warn him his life is in danger. That there is a plot afoot to murder him whilst he is there. Sin has only been in England a matter of days, certainly not long enough to have antagonized anyone into wishing to murder him, and leading him to wonder if the poor woman can possibly be deranged. It would be a great pity if that were to be the case, when the sexual attraction between the two of them is instantaneous and highly combustible.
